4. Application for Certificate of Appropriateness
 - **Application No. HYDC 3-04: Gary Freeman:** Request for approval to install replacement windows in the GinTail Antiques building located at 114 Ballard Street. The proposed replacements would be double-pane, vinyl windows and the installation would include a vinyl wrap for the exterior trim that surrounds each of the existing windows. The current windows are one solid pane, top and bottom. The proposed installation would be a solid pane on the bottom and a three-light, vertically divided top pane (i.e., two vertical grids that divide the pane into three sections).

The GinTail building was constructed in 1930, making it a *Contributing Structure*.
